Boil Water Notice Rescinded 12/13/2024

On December 12, 2024, the Texas Commission on Environmental Quality required the Yancey Water Supply Corporation for NEW ALSACE public water system, 1630024, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of December 13, 2024.

If you have questions concerning this matter, you may contact Scooter Mangold, General Manager at 830-741-5264 or come to the office at 150 CR 743 Yancey, TX 78886.
